

# Laboratory refrigerators

Capacities from 25 - 72 cu ft

## Features

- Powerful refrigeration system with low GWP refrigerant for high performance and reduced total cost of ownership
  - top-mounted modular Complete Refrigeration System (CRS) - all refrigeration components external to storage compartment for greater usable capacity
  - high volume airflow design for faster temperature recovery and uniform temperature
- Precise temperature control
  - microprocessor control with digital temperature display
  - factory preset at +4 C (adjustable from +1 C to +12 C)
- Engineered for sustainability
  - R290 low GWP refrigerant
  - SNAP compliant, UL/cUL Listed
- Protection for your valuable products
  - audible and visual high/low temperature and door open alarms
  - dry contacts for remote alarming
  - access port for third party monitoring
  - key door lock
